PROFESSIONAL EXPERIENCE

Floor Manager

Al Razzaq Fibres (Saya), Karachi | July 2026 - Present

- Managed end-to-end floor operations as second-in-command, supervising a team of 6 and coordinating shifts, task delegation, service delivery, and operational priorities.
- Built daily and weekly Power BI dashboards covering target versus actual sales, category performance, footfall, conversion rate, stock movement, and individual staff performance.
- Analyzed footfall and conversion trends to support staffing decisions, KPI management, and data-driven operational planning.
- Managed customer relationship issues, escalation handling, and service recovery to support customer retention and service quality.
- Maintained daily cash and profit reporting through Maintix and flagged discrepancies on the same day to support process compliance and operational control.

Head Cashier

Ideas Pvt Ltd | Duration: 4 years 2 months | Employment dates to be confirmed

- Supervised a team of 3 while coordinating cashier operations, customer service, shift coverage, and daily process compliance.
- Managed cash reconciliation and operational reporting, identifying and escalating discrepancies in line with control procedures.
- Mentored team members on POS processes, customer handling, transaction accuracy, and service standards.
- Provided full operational coverage and collaborated with store stakeholders to resolve customer and transaction escalations.

Fashion Advisor

Retail Operations | Duration: 2 years 4 months | Employer and dates to be confirmed

- Built customer relationships through needs-based styling advice, product guidance, and responsive in-store service.
- Used POS systems to support accurate transactions, customer interactions, and day-to-day sales operations.
